

About Us

GoGFMC (Gift of Grace Food Manufacturing Corporation) is a proudly local brand from the heart of the Cordillera Administrative Region — Baguio City. Since 2015, what began as a simple homemade kimchi recipe, made with love in our kitchen, quickly became a family favorite and a hit in our neighborhood.

Wanting to create something that suits the Filipino taste, we developed our own version of kimchi — flavorful, nutritious, and proudly local. As more people looked for healthier food options, we saw the opportunity to offer more than just great-tasting food, but something meaningful — a way to share blessings through every product we make.

This inspired the birth of GoGFMC, with our signature kimchi leading the way. Today, we also offer tofu, rice coffee, chicken pastil, and Spanish-style bangus sardines — all crafted with quality and care.

You can now find GoGFMC products across Northern Luzon and in major retail chains like Robinsons, SM, Savemore, Puregold, and Super8.

At Gift of Grace, we believe in creating food that's good for both the body and the soul. From our home in Baguio City to yours — thank you for making us part of your table.
