

I. Public company documents (e.g., “About Us” or company background information)

Gift of Grace Food Manufacturing Corporation began its journey in 2017, born from a mother’s passion for creating Korean kimchi infused with a flavor profile tailored to the Filipino taste. What started as a humble home—based business—sharing products with neighbors—soon gained momentum, expanding to the local community, the online market, and eventually to well-known retail chains such as SM, Savemore, Puregold, and Robinsons.

From its flagship kimchi, the product line has grown to include tofu, rice coffee, pickled radish, and chicken pastil—each crafted with care to ensure both great taste and nutritional value. The company is deeply committed to offering healthy, high-quality food products that support the well-being of its customers.

With over 150 outlets now operating across Northern Luzon, Gift of Grace has grown from a sole proprietorship into a thriving corporation. Today, it continues to expand into new markets, actively engage in government and community initiatives, and set a clear path toward lasting success—while staying to our Mission and Vision, we focus in delivering nutritious, flavorful, and proudly Filipino-made local products.

II. Contact information

Company address:

- #5 Purok 6, Pinsao Pilot Project, Baguio City, 2600

Contact number:

- Landline: +63 074 661 3554
