CHAPTER 1: CORPORATE IDENTITY & PHILOSOPHY

1.1 Origin Story & History

Gift of Grace Food Manufacturing Corporation (GoGFMC) is a testament to the potential of local Filipino entrepreneurship. The company is a duly registered corporation and a proudly local brand headquartered in the heart of the Cordillera Administrative Region (CAR), specifically at **#5 Purok 6, Pinsao Pilot Project, Baguio City, 2600, Benguet**.

The company's journey began in **2015/2017** (transitioning from a home-based endeavor to a formal business). It was born from a simple, domestic passion: a mother's love for Korean delicacies. The co-founder, **Janice Osenio Cadsì**, a registered nurse by profession, began experimenting with kimchi recipes in her own kitchen. Her goal was to create a version of the traditional Korean dish that was tailored specifically to the Filipino palate—balancing the authentic spice and fermentation of Korea with the savory and slightly sweet notes preferred by Filipinos.

What started as sharing homemade jars with neighbors quickly gained momentum. The product became a "neighborhood hit," and demand grew organically. Recognizing the market potential for healthy, flavorful, and locally produced food options, the founders formalized the business. Over the years, GoGFMC has evolved from a grassroots survival-level sole proprietorship into a budding enterprise and eventually a thriving corporation.

By 2025, the company had successfully overcome early market roadblocks and secured partnerships with major trade institutions, catapulting it into a period of significant growth. Today, it stands as a model of resilience and innovation in Northern Luzon.

1.2 Mission, Vision, and Core Values

The corporate philosophy of GoGFMC is deeply rooted in faith, community service, and sustainability. The name "Gift of Grace" itself reflects the founders' belief that their business is a vessel for sharing blessings.

- **Mission Statement:** The company's mission transcends mere profitability. GoGFMC is dedicated to crafting healthy food products that promote physical well-being while simultaneously generating meaningful employment opportunities for the community. They believe that healthy food should nourish the body and uplift the spirit. A core tenet of their mission is to "extend blessings to our community through sustainable practices and job creation".
- **Vision Statement:** GoGFMC envisions transforming the food industry by producing products that not only taste great but also contribute to the greater good of the planet.
 - **Specific Strategic Vision:** To produce at least **10 different varieties** of quality, healthy foods using **locally-grown raw materials by the year 2025**.
 - **Broader Vision:** To empower local families and support a thriving local economy through sustainable manufacturing processes.
- **Core Values:**
 - **Integrity:** Upholding honesty and respect in all business dealings, ensuring products are safe and high-quality.
 - **Inclusivity:** Fostering a workplace and product line that caters to all, including the Muslim community through Halal certification.
 - **Sustainability:** Commitment to the circular economy, responsible sourcing, and waste reduction.

- **Community:** A focus on "Social Inclusion," prioritizing the hiring of senior citizens, housewives, and out-of-school youth.

1.3 Strategic Goals (Vision 2025)

The company has set aggressive targets for the year 2025 and beyond:

1. **Product Diversification:** Expanding the portfolio to include frozen mixed vegetables and other processed goods.
 2. **Market Expansion:** Moving beyond Northern Luzon and Bicol to supply supermarkets nationwide.
 3. **Innovation:** Continued development of in-house proprietary systems to streamline operations.
-

CHAPTER 2: LEADERSHIP & ORGANIZATIONAL EXCELLENCE

2.1 Executive Profile

The leadership team of GoGFMC combines technical expertise with a strong social conscience.

- **Satur Cadsi (CEO / Co-Founder):** Mr. Cadsi is the technical and strategic backbone of the company. He is credited with developing a **proprietary in-house system** named after the company to manage administrative, financial, and back-end operations. He is a vocal advocate for the **Circular Economy**, promoting principles like upcycling and responsible sourcing in food production. He frequently represents the company at high-level industry forums, such as the DOST-CAR Pag-SCI-atan SETUP Forum.
- **Janice Osenio Cadsi (COO / Co-Founder):** A former registered nurse and insurance agent, Mrs. Cadsi transitioned to entrepreneurship to pursue her passion for food and community aid. She oversees the day-to-day operations and ensures the quality of the products. Her leadership style is characterized by "unwavering faith" and a dedication to empowering women. She has been publicly recognized as an inspiring figure in the Philippine business landscape.
- **Key Staff:**
 - **Ronald Ramos Jr.:** Admin Accounting Staff, recognized for participating in AI and Digitalization training to modernize the company's financial tracking.

2.2 Awards & Industry Recognition

GoGFMC has received numerous accolades that validate its status as a premier MSME (Micro, Small, and Medium Enterprise) in the Philippines.

- **Presidential Award for Outstanding MSMEs (2025):** GoGFMC was a **Finalist** for this prestigious national award under the Small Business Category. The award was presented at Malacañan Palace by Executive Secretary Lucas Bersamin and DTI officials. This recognition highlights the company's contribution to economic development and employment.
- **Inspiring Filipina Entrepreneur 2025:** Awarded to COO Janice Cadsi by **Go Negosyo** and the **Department of Trade and Industry (DTI)**. This award, presented at Ayala Malls with First Lady Liza Araneta-Marcos in attendance, recognizes women who break barriers and drive economic growth.
- **Regional Best SETUP Adoptor (2025):** Conferred by **DOST-CAR** (Department of Science and Technology - Cordillera Administrative Region). This award recognizes the company's successful

implementation of technological upgrades, which resulted in a **181% increase in distribution channels** (from 88 to 247 outlets) and a doubling of annual sales compared to their 2018 baseline.

- **Innovativeness Award:** Received during the Regional Science and Technology Week (RSTW) in Baguio City for the company's creative approach to product development and packaging.

2.3 Employee Development & Training

The company invests heavily in its workforce ("Upskilling").

- **AI for Pinoy MSMEs:** Staff participated in learning sessions on Artificial Intelligence to improve efficiency and competitiveness.
 - **Digitalization Training:** Participation in DOLE (Department of Labor and Employment) training on digital transformation.
-

CHAPTER 3: PRODUCT PORTFOLIO (DEEP DIVE)

GoGFMC refers to its product line as a "symphony of culinary delights." The portfolio focuses on health, nutrition, and accessibility.

3.1 Flagship Product: Kimchi Gift

- **Description:** A "K-Fil Fusion" product. It marries the traditional fermentation techniques of Korean kimchi with a flavor profile adjusted for Filipinos (often sweeter or more savory).
- **Ingredients:** Primarily Napa cabbage, radishes, garlic, ginger, and spices.
- **Nutritional Value:** Rich in probiotics, vitamins (A, C), and antioxidants. It boosts immunity and aids digestion.
- **Varieties:**
 - **Vegan/Vegetarian:** Most varieties are plant-based.
 - **Regular:** Some batches may use fish sauce or shrimp paste (clearly labeled).
 - **Spiciness:** Available in Mild to Spicy.
- **Price Point:** Approximately **60 PHP** (price may vary by retail channel).

3.2 Soybean Innovation: Tofu Gift

- **Description:** Known as the "Silken Savior" or "Cubed Crusader," this is a non-GMO soybean curd product.
- **Texture Profiles:** Available in Silken, Soft, Firm, and Extra-Firm.
- **Culinary Use:** Highly versatile ("the chameleon of the kitchen"). Can be grilled, stir-fried, baked, or blended into smoothies. It absorbs flavors effectively, making it ideal for marinating.
- **Health Benefits:** High protein (complete protein with all 9 essential amino acids), gluten-free, low glycemic index.
- **Price Point:** Approximately **43 PHP**.

3.3 Health Beverages: Rice Coffee with Moringa

- **Description:** A caffeine-free alternative to traditional coffee, made from roasted rice grains and enriched with Malunggay (Moringa) leaves.

- **Flavor Profile:** Nutty, earthy aroma with subtle herbal notes.
- **Health Benefits:**
 - **Non-Acidic & Caffeine-Free:** Safe for children and people with acid reflux.
 - **Moringa Enriched:** Provides Vitamin A, Vitamin C, Iron, and Calcium.
 - **Antioxidant Rich:** Malunggay acts as a natural antioxidant.
- **Preparation:** Can be brewed like coffee (French press, pour-over) or steeped in hot water. Can be served hot or iced.
- **Price Point:**
 - 20g (10 pcs pack): **170 PHP**
 - 200g pack: **90 PHP**
 - 350g pack: **165 PHP**.

3.4 Partner Products & Diversification

To meet the "10 varieties" goal, GoGFMC distributes and partners with other local producers:

- **Gourmet Chicken Pastil (Rene's Brand):** Available in Original and Spicy. Price: ~170 PHP.
- **Spanish-Style Bangus Sardines:** Soft, savory milkfish preserved in oil. Price: ~170 PHP.
- **Pickled Radish:** A crunchy side dish often paired with Korean meals.
- **Frozen Mixed Vegetables:** A new entry into the cold chain market.

CHAPTER 4: OPERATIONAL INNOVATION & STANDARDS

4.1 Manufacturing Standards & Halal Certification

In **May 2025**, GoGFMC officially achieved **Halal Certification**.

- **Significance:** This allows the company to serve the Muslim community, fostering inclusivity.
- **Philosophy:** CEO Satur Cadsı emphasized that Halal is not just about compliance but about "honesty, respect, quality, and genuine care for consumers." It ensures the product is clean, safe, and permissible.

4.2 Technology Adoption (DOST-SETUP)

The company is a beneficiary of the **Small Enterprise Technology Upgrading Program (SETUP)** under the Department of Science and Technology (DOST).

- **Impact:** Since joining in 2019, the program provided funding and technical expertise that allowed GoGFMC to mechanize and streamline production.
- **Results:** This intervention is directly credited with the company's ability to scale from a neighborhood business to a regional supplier with over 247 outlets.

4.3 Digital Transformation & AI Integration

GoGFMC is actively transitioning to the "Formal Economy" and "Industry 4.0".

- **Proprietary Software:** The company uses a custom-built system for inventory and sales tracking.

- **AI Training:** Leadership has attended seminars on "AI for Pinoy MSMEs" to learn how to leverage artificial intelligence for business growth and smart marketing.
-

CHAPTER 5: CORPORATE SOCIAL RESPONSIBILITY (CSR)

5.1 Community Livelihood Programs

GoGFMC views itself as a social enterprise. Its flagship initiative is the "**Social Inclusion through Bawang Peeling Program.**"

- **Target Beneficiaries:** Senior citizens, local housewives, and out-of-school youth.
- **Activity:** Providing paid work for peeling garlic (Bawang) used in production. This allows vulnerable community members to earn an income in a safe, accessible environment.

5.2 Sustainability & Circular Economy

The company actively practices **Circular Economy** principles.

- **Upcycling:** Repurposing biodegradable waste from vegetables (cabbage trimmings, peels) to prevent them from ending up in landfills.
- **Responsible Sourcing:** Raw materials (cabbage, rice, coffee) are sourced from local farmers in the Cordillera region, ensuring fair trade and reducing the carbon footprint associated with transport.

5.3 Educational Scholarships

GoGFMC runs a scholarship program funded by a portion of its sales.

- **Success Story (May 2025):** The company announced that one of its scholars successfully completed the journey from high school to culinary school. The student was also provided with part-time work during their studies to gain experience and earn an allowance.
-

CHAPTER 6: CONSUMER GUIDE & FREQUENTLY ASKED QUESTIONS

This section compiles all consumer inquiries to serve as a reference for customer service and marketing.

6.1 Kimchi FAQs

- **What is it?** Fermented napa cabbage and radish with spices.
- **Is it Vegan?** Most varieties are, but check the label for shrimp paste/fish sauce.
- **Is it Gluten-Free?** Generally yes, but verify label for additives.
- **How long does it last?** Several months in the refrigerator. It becomes more sour (fermented) over time.
- **Can I cook with it?** Yes, excellent for stews, fried rice, and pancakes.

- **Storage:** Keep refrigerated in an airtight container to contain odors .

6.2 Tofu FAQs

- **Is it Gluten-Free?** Naturally yes.
- **Storage:** Keep refrigerated. Once opened, store in water and change the water daily.
