Our Story: From Kitchen to Community

Gift of Grace Food Manufacturing Corporation was born from the heart of a mother's passion for Korean delicacies and her desire to create something meaningful for Filipino families. Mrs. Janice Cadsì, a trained registered nurse and former insurance agent, decided to pursue entrepreneurship by crafting her own version of kimchi—one that would suit the Filipino palate while maintaining authentic nutritional benefits.

What started as a neighborhood favorite quickly gained momentum. The homemade kimchi became a hit among family and friends, sparking the vision to share these blessings with a wider community. In 2015, the

Cadsi family began their journey, and by 2017, they formally established Gift of Grace Food Manufacturing Corporation.

The company's growth has been nothing short of remarkable:

- **2015:** Started as home-based business
 - **2017:** Formally registered as corporation
 - **2018:** Baseline year for SETUP assistance
 - **2019:** Joined DOST's Small Enterprise Technology Upgrading Program (SETUP) with 88 market outlets
 - **2024:** Achieved sales increase equivalent to more than double the 2018 baseline
 - **2025:** Expanded to 247 outlets (181% increase), now distributing across Northern Luzon and parts of Bicol, with plans for nationwide expansion
-
